

**Hello to all you friends of colors and brushes.**

It is time – after 60+ of MV's Jar's Beginner Classes, Roman finally developed a workshop specialized on the Basing issue. Hereinafter you can find all necessary information.

When questions arise, please contact Peter via E-Mail under:  
baphomet---at---massivevoodoo---dot---com

### **How much?**

The participant contribution consists of the teaching work at the class and necessary preparations, room rental, arrival and material costs. Furthermore there is an individual coaching during the whole weekend.

Expenses contribution: 180 €  
18 participants maximum

### **Workshop content over the weekend**

- **build a base – theory and practice**
- **focal point: theory of composition**
- **theme of the base: „Post-Apocalypse“, nature recaptures**
- **in this regard thematical studies, material knowledge and application possibilities**

The following example illustrates the theme of the base the workshop is designed on:

**„Post-Apocalypse“, nature recaptures.**

### **What happens at the class?**

During the didactically useful planned class every participant builds his own base with the focus points mentioned above. The base will be built, painted and greened.

The weekend class has the goal of giving the participant extensive knowledge on applicable design possibilities taking into account theories of esthetic composition. By connecting theoretical knowledge and practical application we tie a package that will accompany the participant incessantly after the class and train his or her senses for harmony, composition but also for

naturalness on a base. This class addresses advanced miniature painters, who want to develop a better understanding of the construction of beautiful „showcase bases“.

## List of materials:

### **To bring along:**

- Daylight lamp
- Cut- or Tinker pad
- Personal tools: scalpel, pincers, dovetail saw, if available etc.
- Super glue, PVA glue
- Brushes and colors
- Wet palette
- Pen and paper
- Compass, ruler and pencil

On Friday you will only need "pen and paper", also a triangle ruler and a compass, if possible.

**All further materials will be provided by the class conduct.** This includes for example a vast amount of materials, which can be used for the construction of the base, its greening, base detail, as well as a miniature (28 mm, Hasslefree) suitable for the theme of the base, two exclusive surprises to strengthen the theme of the base, primer spray, sanding paper, socket etc.

At this point we have to give special thanks to the following companies for their support:  
Pardulon Modelmates, Hasslefree Miniatures, PK-Pro, Sockelmacher, Juweela, Kellerkind-Miniaturen, Forged Monkey, Secret Weapon

## Information on board and lodgings

**Lodgings:** Concerning lodgings, everybody makes his own luck – if it's youth hostel, hotel or accommodation at locals – everybody has to take care for him- or herself. Arrangements among each other may help to find appropriate lodging. We recommend youth hostel „Sleps“ because it's only two minutes on foot away from the school building „Staatsinstitut“. You need a youth hostel pass that can be gained directly on site. Augsburg also has a lot of further guesthouses and hotels, simply google for „Augsburg Hotels“.

It is requested, that every participant looks for his or her own lodgings but we gladly will support you!

**Board:** Every participant has to take care for his or her own catering. In close vicinity to the school building are several bakeries, two super markets (Tengelmann/Norma), a bank (Sparkasse), fast food restaurants, butchers etc. Of course we will discuss, plan and organize breaks together in the tried and tested way. There is an automatic coffee brewer in the school building as well as a school kitchen we can use. We can use coffee brewer, dishwasher, fridge, baking oven over the weekend if we clean up together. Many of those devices only work „spontaneously“. There's no warranty what devices in the kitchen you can rely on. Don't forget to bring some money for your board with you.

Please bring your food for Friday along with you for there's no eat break planned then.

## Disclaimer and information concerning minors

Those can only participate if they bring along a declaration of consent by their parents or send it to Roman in advance. Ask for postal address via PN or Email.

### Disclaimer

The organizers of the workshop assume no liability for any damage to persons or property. Needless to say we see a cultured behaviour and way of speaking as preconditional.

## About enrollment and financial transaction

### Enrollment?

**We would like to ask you to enroll via Email giving your full name, your address and – as the case may be – your nickname to Peter: baphomet---at---massivevoodoo---dot---com**

**Peter will handle your data confidentially.**

We want to have your Email-address present, to

- 1) be able to contact you in case of possible question and
- 2) inform you about any news concerning the class.

There is a list of successors that will be followed sequentially in case of cancellations.

### Financial transaction?

The amount of money to be transferred should arrive to the given date at the bank account mentioned below. Bank details are:

**This information will be given out via email as soon as we see there are enough participants.**

Someone, already having the contribution transferred, cancelling his enrollment prior to 2 weeks before the workshop will get his money transferred back minus a storno charge. Someone cancelling his enrollment within two weeks prior to the workshop will not get any money back, because materials are already bought and it would be hard to find a successor.
