

# VALBJORN

Hello friends of miniatures,

It is my pleasure to announce professional miniature sculptor Jason aka Valbjorn from the US will be teaching a sculpting class in my studio. It will happen in May 2026 in Augsburg, Germany. Do not miss the chance to learn from Jason.

I, Roman Lappat will handle the organisational matters to allow Jason to focus on the teaching aspect.

Maximum number of students: 16

Language: English

---

In this two-day, hands-on workshop, you will work closely with Jason aka Valbjorn to learn his miniature sculpting techniques.

## Lessons will include:

- *Techniques for working with putty on a fine scale*
- *Explore epoxy putty types and optimal mixing ratios for specific applications*
- *Lessons in sculpting hair and beards*
- *Learn to create and compose your own accessories like necklaces, pelts, and straps.*

This workshop will dispel the mysteries of epoxy putty (Greenstuff/Milliput/Magic Sculpt/Tamiya) and empower you to explore the realm of customizing your miniatures.

Clay Shapers

Parchment Paper

**What you need:**

Size 0-1 brush with a nice pointed tip

Size 0-1 worn brush you don't care so much about

Bring a figure for us to add accessories to, like pelts, necklaces, etc. It doesn't have to be a Warhammer figure, but Warhammer scale is preferred. Something about the size of a space marine, sci-fi or fantasy will work. It's best if it's unpainted, but if you only have painted models, it will also work.

Optional: Bring your own sculpting tools for familiarity

Optional: Small glass palette or something flat and clean, like a smooth ceramic tile

**I look forward to meeting and working with you all! This will be my first time visiting Germany, and I couldn't think of a better way, doing what I love.**

See you in May.

### Lodging

Close by Hotel recommendations are based on feedback from my students:

[Eurohotel Friedberg](#) is just around the corner and nice. [Quality Hotel](#) is more on the luxury side of staying. [This](#) is close by, but more on the countryside of life. [Hotel Lukas](#) is ultra-close by, but feedback was very mixed here. [Hotel Adler](#) is often frequented too. Of course, you can find more by using Google, these are just close by recommendations.

### Catering

Each participant is responsible for their own catering. Near the event location, there is a bakery with a restaurant, a supermarket (Aldi), fast food restaurants, etc. Naturally, we will discuss, plan, and organize the breaks together.
