Information on board and lodgings

(only important for you, if the seminar is taking place in Augsburg):

Lodgings: Concerning lodgings, everybody makes his own luck – if it's youth hostel, hotel or accomodation at locals – everybody has to take care for him- or herself. Arrangements among each other may help to find appropriate lodging. We recommend youth hostel „Sleps“ because it's only two minutes on foot away from the school building „Staatsinstitut“. You need a youth hostel pass that can be gained directly on site. Augsburg also has a lot of further guesthouses and hotels, simply google for „Augsburg Hotels“.

It is requested, that every participant looks for his oder her own lodgings but we gladly will support you!

Board: Every participant has to take care for his or her own catering. In close vicinity to the school building are several bakeries, two super markets (Tengelmann/Norma), a bank (Sparkasse), fast food restaurants, butchers etc. Of course we will discuss, plan and organize breaks together in the tried and tested way. There is an automatic coffee brewer in the school building as well as a schoo kitchen we can use. We can use coffee brewer, dishwasher, fridge, baking oven over the weekend if we clean up together. Many of those devices only work „spontaneously“. There's no warranty what devices in the kitchen you can rely on. Don't forget to bring some money for your board with you.

Disclaimer and information concerning minors

Those can only participate if they bring along a declaration of consent by their parents or send it to Roman in advance. Ask for postal address via PN or Email.

The organizers of the workshop assume no liability for any damage to persons or property. Needless to say we see a cultured behaviour and way of speaking as preconditional.

Photos will be taken during this workshop for the use of writing a review. If you do not agree to be on a photo it is your responsibility to tell the instructor prior to the seminar. By joining this seminar you agree to the term that you will be seen on photos used for reviewing the workshop.

This information will be given out via email as soon as we see there are enough participants.

Someone, already having the contribution transferred, cancelling his enrollment prior to 2 weeks before the workshop will get his money transferred back minus a storno charge.

Someone cancelling his enrollment within two weeks prior to the workshop will not get any money back, because materials are already bought and it would be hard to find a successor.
